2007/08

2007/08 ANNUAL REPORT

1.1 Mayoral Foreword

2006/2007 financial year has been one of the years with challenges and new experiences that have tested the power of the rise above them. The municipality has experienced challenge relating to the recovery of outstanding debts, governance issues, administration, etc.

Also the municipality was expected to implement the Grop/Gamap accounting standards during the year under review. The successfully implemented these new accounting standards although in terms of the phasing in process the municipality was only required to comply in 2007/8 financial period.

In terms of appointment of the municipal manager the municipality was eventually able to appoint a skilful and experienced municipal manager and council is confident that the new municipal manager will implement all the policies adopted by council. We trust also that the new municipal manager will also ensure and observe the implementation of relevant new legislations, like the Supply Chain Management and others.

Lastly I would like to thank the new Municipal Manager with the presentation of the first annual report of the municipality. Also thank all staff involved in the process of providing information.

CLLR CG SWARTZ
MAYOR

1.2 Accounting Officer's Report

Mtubatuba Municipality got its Municipal Manager(Accounting Officer) appointed in the last four months into the end of the 2006/2007 financial year. This was after the Council together with Management that was there had worked hard to ensure that the acceptable quality life of the community of Mtubatuba Municipality is maintained.

The challenges that were identified after doing the SWOT Analysis of the organization required the restructuring of the departments, motivation of staff to deliver, training of staff and councillors, development of strategies and policies that would enable the organization to move towards the right direction, the strict implementation of the budget to ensure that all capital projects were implemented as listed in the municipality's IDP, and the changing the attitude of the public about the municipality from negative to positive.

This is the financial year where its last part was mostly used to ensure that the following one would devise means of ensuring that the Auditor General's Report outcome on the Municipality would be unqualified one, moving from the qualified status.

Dr. EMS Ntombela
Accounting Officer

1.3 Overview of Municipality / Municipal Profile

1.3.1 Key Features

While Mtubatuba Municipality is located in relative close proximity of major urban and economic developments, it has remained substantially underdeveloped and poverty stricken. However the Municipality has some unique features which could be explored for economic growth.

- Location in close proximity to major urban and economic developments namely the Richardsbay, Empangeni, etc.
- Located within the tourist destinations, namely St Lucia and Kosi Bay.
- Route to Johannesburg
- High agricultural potential

1.3.2

1.4 EXECUTIVE SUMMARY

1.4.1 Our Vision

"Mubabuba – With its people, For its People – A Vibrant Prosperous Eco-Tourist and Development Heartland of Umkhanyakude, KwaZulu – Natal"

1.4.2 Our Mission

"Our mission is to promote a quality and sustainable delivery of municipal services by:

- Involving communities in the development process;
- Forging strategic alliances and partnerships between the municipality and government departments, NGOs, CBOs, Private Sector to ensure speedy and co-ordinated delivery"

1.4.3

Strategic Objectives

In preparation of the 2006/2007 Integrated Development Plan, the members of the representative forum agreed on six key strategic focus points. The municipal strategic focal areas are:

- Local economic development
- Environmental protection and enhancement
- Community welfare and protection
- Physical infrastructure and services
- Spatial coherence and optimum location advantage
- Achieving efficient municipal, institutional, administrative and financial capacity.

The focus areas of the municipality are identified as those which would most meaningfully contribute to the upliftment of the quality of life of all the communities living in the municipal area and bring relief to the plight and suffering of disadvantaged communities.

1.4.4 Municipal Financial & Administrative Condition

The municipality has limited financial resources to deliver services in terms of its powers and functions, hence it is also dependant on the grant funding from both National and Provincial departments, although the equitable share is of low value. The Municipality is currently engaged in various projects that will enhance revenue streams into the municipal coffers.

The municipality is currently implementing the following projects:

- Recovery of outstanding debts
- Implementation of the Municipal Property Rates Act,

The full scale implementation of the Municipal Property Rates Act will ensure that the municipality has at least a reasonable amount of income other than from grants and subsidies. This will enable the municipality to provide the most basic services and will create some sort of independence.

2.1 Functions Performed

The municipality performed several functions, i.e Infrastructure Services which includes the construction of **roads, sports fields, multi purpose centres, library** etc. The roads, library and sports fields were funded by a Municipal Infrastructure grant, Provincial Arts and culture department, National lottery and Provincial department of arts and culture respectively.

The municipality had some challenges and they resulted in non-completion of all projects planned for 2006/2007 financial year. Although the municipality is not mandated to perform water, electricity and housing functions, it may be report the following.

2.1.1 Performance per functions

Service	Project completed	Performance in 2006/2007
Electricity	100% completed	100%
Water / Sewerage	100% completed	100%
Roads	100% completed	100%
Housing	100% completed	100%

The Municipality has during the financial year signed a memorandum of understanding on shared services for the implementation of Municipal Property Rates Act with other local municipalities within the District.

2.1.2 Revenue Collection Performance

This financial period the municipality has managed to implement the recovery policies and collected quite and acceptable level of outstanding debts.

2.2 Backlogs in service delivery

2.2.1 Water and sanitation

In terms of the figures provided by Department of Water and Forestry DWAF (2004) water backlogs in Mtubatuba stand at 28%.

Total No. of households	Household with access to water	Household with access to sanitation
10,876	8,240	7,899

DWAF figures (2004) and Stats SA indicate that there is a backlog of 28% terms of sanitation in the Mtubatuba Municipality.

Total No. of households	Household with access to water	Household with access to sanitation
10,876	8,240	7,899

2.2.2 Electricity

Current backlogs according to Stats SA statistics(2001)

Total No. of households	Household with access to	Household without access to	backlogs
10,876	7,836	3,040	28%

2.2.3 Refuse removal

There are major backlogs of about 75% in terms of refuse removal in the Mtubatuba Municipality. There is a lack of a more organized waste management system.

2.2.4 Roads

There are 46 303km municipal roads within the municipal area and are generally in very bad condition. Moreover a major constraint to upgrading these roads is limited resources in terms of funding and technical skills.

COMMISSION
FOR THE INVESTIGATION OF
GOVERNMENT OF MALAYSIA

3.1 Municipal Challenges

The municipality had various challenges during the year under review and these challenges were ranging from the administrative, governance and financial management.

3.1.1 Lack of Skills

Over the past years the municipality has had difficulties in terms attracting skills to the municipality. This is as a result of the salary packages that are offered to the employees especially the section 57 employees. The municipality was also unable to retain some of the skills due to the already stated reasons.

3.1.2 Batho Pele

Although the municipality subscribes to the principles of Batho Pele, these principles need to be given more attention to bring awareness to both community and the employees.

3.1.3 Performance Management System

The municipality did not implement the performance management system during the year under review. The management will have to ensure that the PMS is implemented in 2007/2008 financial year. The management will however report progress made by each department head and payment of bonuses will be based on these deliverable/achievements.

3.2 Staffing

3.2.1 Number of staff per function

Functional Area	Total Posts	Filled Posts	Vacant Posts	Frozen Posts
Municipal Manager	3	3	Nil	Nil
Finance Services	13	8	1	4
Corporate Services	8	4	2	1
Technical Services	47	38	1	8
Community Services	98	75	11	12
Total	169	129	15	25

3.2.2 Trends on expenditure of salary (last 3 years)

DEPARTMENTS	2004/2005			2005/2006		
	BUDGET	ACTUAL	VARIANCE	BUDGET	ACTUAL	VARIANCE
Municipal Manager	264,201	189,585	96,616

4.2 Audit Report

REPORT OF THE AUDITOR-GENERAL TO THE MUNICIPAL COUNCIL AND THE KWAZULU-NATAL LEGISLATURE ON THE FINANCIAL STATEMENTS AND PERFORMANCE INFORMATION OF MTUBATUBA MUNICIPALITY FOR THE YEAR ENDED 30 JUNE 2007

REPORT ON THE FINANCIAL STATEMENTS

Introduction

1. I have audited the accompanying financial statements of the Mtubatuba Municipality which comprise the statement of financial position as at 30 June 2007, statement of financial performance, statement of changes in net assets, cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 7 to 29.

Responsibility of the accounting officer for the financial statements

2. The accounting officer is responsible for the preparation and fair presentation of these financial statements in accordance with basis of accounting and in the manner required by the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (MFMFA). This responsibility includes:
 - designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error
 - selecting and applying appropriate accounting policies
 - making accounting estimates that are reasonable in the circumstances.

Responsibility of the Auditor-General

3. As required by section 188 of the Constitution of the Republic of South Africa, 1996 read with section 4 of the Public Audit Act, 2004 (Act No. 25 of 2004) (PAA) and section 126(3) of the MFMFA, my responsibility is to express an opinion on these financial statements based on my audit.
4. I conducted my audit in accordance with the International Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

6. An audit also includes evaluating the:
 - appropriateness of accounting policies used
 - reasonableness of accounting estimates made by management
 - overall presentation of the financial statements.

Responsibility of the Auditor-General (continued)

7. Paragraph 11 et seq. of the Statement of Generally Recognised Accounting Practice, GRAP 1 *Presentation of Financial Statements* requires that financial reporting by entities shall provide information on whether resources were obtained and used in accordance with the legally adopted budget. As the budget reporting standard is still in the process of being developed, I have determined that my audit of any disclosures made by Mtubatuba Municipality in this respect will be limited to reporting on non-compliance with this disclosure requirement.
8. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Basis of accounting

9. The municipality's policy is to prepare financial statements on the basis of accounting determined by the National Treasury as set out in accounting policy note 1.

Basis for qualified opinion

10. Receivables

Provision for bad debt

Total debtors have increased from R16,2 million to R17,9 million (10,5%) in the period under review. Despite this, the provision for doubtful debts has remained at R10,5 million. Therefore I was unable to assess the adequacy of the provision for doubtful debts.

In addition, accuracy of the debtors ageing could not be determined as the municipality's current application system does not record receipts in the correct ageing category.

Because of the above, I was unable to determine the adequacy of the provision for doubtful debtors.

11. Property, plant and equipment

During the year under review Mtubatuba Municipality compiled a fixed asset register and accounted for their assets purchased during the year at cost. Prior to this date, no records and supporting documentation relating to these were

maintained and thus the purchase costs and purchase dates for the majority of these assets could not be ascertained. The majority of the assets have been included at a net book value of R1, apart from land and buildings that amounts to R17,4 million.

In addition, the municipality did not disclose the exemption granted in Gazette 30013 in respect of depreciation, review of useful lives and testing for impairment as well as the transitional provisions in terms of GAMAP 17.

Because of the above, I was unable to determine the accuracy of opening balances of R18,3 million for property, plant and equipment.

12. Borrowings

The municipality has not accounted for a loan received amounting to R1,3 million in its financial statements resulting in long term liabilities being understated at 30 June 2007 by this amount.

13. Funds not received

The municipality has raised a liability in respect of loan funds that are still to be received as reflected in the financial statements. In addition, they have incorrectly raised a receivable for the funds to be received as reflected in the financial statements. This has resulted in both the debtors and long term liabilities being overstated by R263 973.

14. ...Accumulated Surplus

The municipality was unable to provide us with supporting documentation for the adjustment amounting to R7,1 million as disclosed in the statement of changes in net assets in respect of prior year transactions and GAMAP conversion entries.

Furthermore, the municipality adopted GAMAP during the period under review. However, the change in accounting policy has not been applied retrospectively as required by GRAP 3.

Consequently, I was unable to determine the accuracy, validity and completeness of the adjustments as disclosed in the statement of changes in net assets amounting to R7,1 million in respect of prior year transactions and GAMAP conversion entries.

15. Capitalisation reserve

I was unable to verify the accuracy and validity of the opening capitalisation reserve of R18,3 million. This should have been R21,4 million which is equivalent to the prior year closing balance for property, plant and equipment. The resulting difference of R3,1 million could not be explained by management.

16. Pre-GAMAP reserves

I was unable to verify the accuracy and validity of the R50,8 million written off as pre-GAMAP reserves in the statement of changes in net assets whilst an inspection of the comparative figure in the statement of financial position revealed an amount of R38,9 million relating to total reserves.

Furthermore, the total of R61,9 million as disclosed in note 26 of the financial statements does not agree to the total of the R50,8 million written off as pre-GAMAP reserves in the statement of changes in net assets.

Because of the above, I was unable to determine the accuracy and completeness of the pre-GAMAP reserves written-off in the statement of changes in net assets and note 26.

Qualified opinion

17. In my opinion, except for the effects of the matters described in the Basis for qualified opinion paragraph, the financial statements present fairly, in all material respects, the financial position of Mtubatuba Municipality as at 30 June 2007 and its financial performance and cash flows for the year then ended, in accordance with basis of accounting and in the manner required by the MFMA.

OTHER MATTERS

I draw attention to the following matters that are ancillary to my responsibility in the audit of the financial statements:

Non-compliance with applicable legislation

Municipal Finance Management Act

18. The performance of the municipality for the first half of the financial year was not assessed by the accounting officer in terms of section 72 of the MFMA.
19. The mayor has not tabled, in the municipal council, the annual report of the municipality for the 2005/06 financial year within 7 months after the end of the that financial year in terms of section 127(20) of the MFMA.
20. During the audit I observed that the SCM Organogram has not yet been finalised. There is only one person performing SCM duties, therefore there is no effective segregation of duties to minimise the likelihood of fraud, corruption, favouritism and irregular practices and there are no specific delegations, which is in contradiction to section 115(1)(b) of the MFMA. Furthermore, the bid committee members have not yet been appointed.
21. Output VAI was not accounted for on rental income earned. The impact of this was an understatement of VAT of R10 277.

Value for money matters

22. During the current financial year the municipality has actually spent R263 973 on infrastructure development, which is only 4% of the total budgeted

infrastructure development costs amounting to R6 310 000, which affects the service delivery.

Internal control

23. Section 62(1)(c)(ii) of the MFMA states that the accounting officer must ensure that the municipality has and maintains effective, efficient and transparent systems of financial and risk management and internal control. The table below depicts the root causes of the matters indicated, as they relate to the five components of internal control. In some instances deficiencies exist in more than one internal control component.

Receivables			X	
Property, Plant and Equipment			X	
Borrowings			X	
Funds not received			X	
Accumulated funds			X	
Capitalisation reserves			X	
Pre-GAMAP reserves			X	
Non-compliance with applicable legislation			X	
Value for money matters			X	

Unaudited supplementary schedules

24. The supplementary schedules on pages 30 to 37 do not form part of the financial statement and is presented as additional information. I have not audited these schedules and accordingly do not express an opinion on them.

OTHER REPORTING RESPONSIBILITIES

Reporting on performance information

25. I was engaged to audit the performance information.

Responsibility of the accounting officer for the performance information

26. In terms of section 121(3)(c) of the MFMA, the annual report of a municipality must include the annual performance report of the municipality prepared by the municipality in terms of section 46 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000)(MSA). The municipality has not presented this information for audit.

Responsibility of the Auditor-General

27. I conducted my engagement in accordance with section 13 of the PAA read with General Notice 646 of 2007, issued in Government Gazette No.29919 of 25 May 2007 and section 45 of the MSA.
28. In terms of the foregoing my engagement included performing procedures of an audit nature to obtain sufficient appropriate evidence about the performance information and related systems, processes and procedures. The procedures selected depend on the auditor's judgement.
29. I believe that the evidence I have obtained is sufficient and appropriate to provide a basis for the audit findings reported below.

Audit findings (performance information)

30. Content of Integrated Development Plan

The key performance indicators set by the Mtubatuba Municipality did not include any general key performance indicators or refer to a specific key performance indicator applicable to the municipality, as prescribed in terms of section 43(1) of the MSA. Furthermore management has not implemented a performance measurement system as required by the Act we were therefore unable to perform an assessment of the objectives met in terms of the Integrated Development Plan.

31. No reporting of performance information

The annual report of the Mtubatuba Municipality did not include the annual performance report of the municipality prepared by the municipality in terms of section 46 of the MSA, as required by section 121(3)(c) of the MFMA.

32. Auditing of performance measurement

The Mtubatuba municipality did not develop and implement mechanisms, systems and processes for auditing the results of performance measurement as part of its internal auditing processes as required in terms of section 45 of the MSA.

APPRECIATION

33. The assistance rendered by the staff of the Mubabuba Municipality during the audit is sincerely appreciated.

PIETERMARIZBURG

Therefore I was unable to assess the adequacy of the provision for doubtful debts.</p> <p>In addition, accuracy of the debtors ageing could not be determined as the municipality's current application system does not record receipts in the correct ageing category.</p> <p>Because of the above, I was unable to determine the adequacy of the provision for doubtful debtors.</p>	<ul style="list-style-type: none"> Management is of the opinion that the provision is sufficient as the municipality have security over the property in respect of rates owing. Also note that the majority of the debtors is attributable to rates (82%). A service provider has been appointed to perform a debt collection and data cleansing exercise. The aim is to provide for provision for all debtors exceeding over 120 days. 	<ul style="list-style-type: none"> The provision will be increased in 2007/2008 to R3,5 million. The issues has since been resolved. 	
11.	Property, plant and equipment	Property, plant and equipment	<p>During the year under review Mtubatuba Municipality compiled a fixed asset register and accounted for their assets purchased during the year at cost. Prior to this date, no records and supporting documentation relating to these were maintained and thus the purchase costs and purchase dates for the majority of these assets could not be ascertained. The majority of the assets have been included at a net book value of R1, apart from land and buildings that amounts to R17,4 million.</p> <p>In addition, the municipality did not disclose the exemption granted in Gazette 30013 in respect of depreciation, review of useful lives and testing for impairment as well as the transitional provisions in terms of GAMAP 17.</p> <p>Because of the above, I was unable to determine the accuracy of opening balances of R18,3 million for property, plant and equipment.</p>	<ul style="list-style-type: none"> Management is aware of the assets not being depreciated. Assets will be depreciated from the 2007/2008 financial year and it has been budgeted for. An asset management policy was approved by council to specify the treatment of fixed assets, and the detail of all new/future assets will be included in the asset register including the source of finance. The provisions of GAMAP 17 will be implemented in future years. 	<ul style="list-style-type: none"> In terms of the exemptions issued in government Gazette 30013 dated 29 June 2007 it was not a requirement to revalue assets on 30 June 2007. 	

12.	Borrowings	Borrowings	The municipality has not accounted for a loan received amounting to R1.3 million in its financial statements resulting in long term liabilities being understated at 30 June 2007 by this amount.	<ul style="list-style-type: none"> In terms of the section 12 notice, the transfer of functions and powers, including D85A loan has been transferred to Umkhanyakude District municipality (DC27). DC27 did accept responsibility for the loan and will pay all outstanding amounts as from 1 July 2003. 	<ul style="list-style-type: none"> The final transfer will take place in 2007/2008 financial year. 	
13.	Funds not received	Funds not received	The municipality has raised a liability in respect of loan funds that are still to be received as reflected in the financial statements. In addition, they have incorrectly raised a receivable for the funds to be received as reflected in the financial statements. This has resulted in both the debtors and long term liabilities being overstated by R263 973.	<ul style="list-style-type: none"> There is no financial impact and is only a reporting matter. The reporting of this loan will be accounted for per discussion in coming financial year. 	<ul style="list-style-type: none"> The loan funding has subsequently being received. 	
14.	Accumulated Surplus	Accumulated Surplus	The municipality was unable to provide us with supporting documentation for the adjustment amounting to R7.1 million as disclosed in the statement of changes in net assets in respect of prior year transactions and GAMAP conversion entries. Furthermore, the municipality adopted GAMAP during the period under review. However, the change in accounting policy has not been applied retrospectively as required by GRAP 3. Consequently, I was unable to determine the accuracy, validity and completeness of the adjustments as disclosed in the statement of changes in net assets amounting to R7.1 million in respect of prior year transactions and GAMAP conversion entries.	<ul style="list-style-type: none"> It is noted. It was decided to implement GAMAP prospectively and there is no value-added in restating previous years comparatives 	<ul style="list-style-type: none"> This will not be an issue in future as it is a result of conversion from IMFO to GAMAP standards. 	
15.	Capitalization Reserve	Capitalization Reserve	I was unable to verify the accuracy and validity of the opening capitalisation reserve of R18.3 million. This should have been R21.4 million which is equivalent to the prior year closing balance for property, plant and equipment. The resulting difference of R3.1 million could not be explained by management.	<ul style="list-style-type: none"> The accuracy of R18 325 429 have been verified by the auditors during the audit and this amount represent the asset finances from reserves in terms of GAMAP and the new assets register 	<ul style="list-style-type: none"> No action required 	
16.	Pre-Gamap Reserve	Pre-Gamap Reserve	I was unable to verify the accuracy and validity of the R50.8 million written off as pre-GAMAP reserves in the statement of changes in net assets whilst an inspection of the comparative figure in the statement of financial position revealed an amount of R38.9 million relating to total reserves. Furthermore, the total of R61.9 million as disclosed in note 26 of the financial	<ul style="list-style-type: none"> The amount of R50.8 million represent the balance of assets on 30 June 2006 and not reserves. The amount of R38.9 million represent the balance of reserves on 30 June 2006. Therefore notes 26.1 up to 26.3 explain what happened in not 26.6 regarding 	<ul style="list-style-type: none"> No action required. 	

			<p>statements does not agree to the total of the R50.8 million written off as pre-GAMAP reserves in the statement of changes in net assets.</p> <p>Because of the above, I was unable to determine the accuracy and completeness of the pre-GAMAP reserves written-off in the statement of changes in net assets and note 26.</p>	<p>the amount of R61.9 million which include the net amount of assets according to the asset register and also the amounts that have been written back in regard of LRAOQR and therefore it is not possible that it will balance with prior years.</p>		
18.	Other Matters	MFMA	<p>The performance of the municipality for the first half of the financial year was not assessed by the accounting officer in terms of section 72 of the MFMA.</p>	<ul style="list-style-type: none"> Due to the absence of the Municipal Manager or a person acting in that position it was not possible to submit reports to council. 	<ul style="list-style-type: none"> None 	
19.	Other Matters	MFMA	<p>The mayor has not tabled, in the municipal council, the annual report of the municipality for the 2005/06 financial year within 7 months after the end of the that financial year in terms of section 127(20) of the MFMA.</p>	<ul style="list-style-type: none"> Mtubatuba as low capacity municipality was not liable for preparing and submitting an annual report for 2005/6 in terms of the exemptions of the MFMA. 	<ul style="list-style-type: none"> No action required. 	
20.	Other Matters	MFMA	<p>During the audit I observed that the SCM Organogram has not yet been finalised. There is only one person performing SCM duties, therefore there is no effective segregation of duties to minimise the likelihood of fraud, corruption, favouritism and irregular practices and there are no specific delegations, which is in contradiction to section 115(1)(b) of the MFMA. Furthermore, the bid committee members have not yet been appointed.</p>	<ul style="list-style-type: none"> It is noted. 	<ul style="list-style-type: none"> The SCM policy was approved by council. Segregation of duties were done accordingly within the available staff components. 	
21.	Other Matters	MFMA	<p>Output VAT was not accounted for on rental income earned. The impact of this was an understatement of VAT of R10 277.</p>	<ul style="list-style-type: none"> Will be recovered 	<ul style="list-style-type: none"> The amount was subsequently recovered 	
22.		Value for money	<p>During the current financial year the municipality has actually spent R263 973 on infrastructure development, which is only 4% of the total budgeted infrastructure development costs amounting to R6 310 000, which affects the service delivery.</p>	<ul style="list-style-type: none"> Due to lack of cash available during the financial year capital projects could not be commenced. 	<ul style="list-style-type: none"> No progress made in terms of projects. 	
23.		Internal Controls	<p>Section 62(1)(c)(i) of the MFMA states that the accounting officer must ensure that the municipality has and maintains effective, efficient and transparent systems of financial and risk management and internal control. The table below depicts the root causes of the matters indicated, as they relate to the</p>	<ul style="list-style-type: none"> This is noted. 	<ul style="list-style-type: none"> Steps are in place to rectify the shortcomings. 	

			five components of internal control, in some instances deficiencies exist in more than one internal control component.			
24.			The supplementary schedules on pages 30 to 37 do not form part of the financial statement and is presented as additional information. I have not audited these schedules and accordingly do not express an opinion on them.	• No comment required.	• No comment required.	
30.			The key performance indicators set by the Mthababisa Municipality did not include any general key performance indicators or refer to a specific key performance indicator applicable to the municipality, as prescribed in terms of section 43(1) of the MSA. Furthermore management has not implemented a performance measurement system as required by the Act we were therefore unable to perform an assessment of the objectives met in terms of the Integrated Development Plan.	• The IDP was approved by council and the KPI's and general performance indicators forms part of the IDP.	•	
31.			The annual report of the Mthababisa Municipality did not include the annual performance report of the municipality prepared by the municipality in terms of section 46 of the MSA, as required by section 121(3)(c) of the MFMA.	• As low capacity municipality it was not a requirement to prepare and approve an annual report for 2005/2006 financial year.	• No action required.	
32.			The Mthababisa municipality did not develop and implement mechanisms, systems and processes for auditing the results of performance measurement as part of its internal auditing processes as required in terms of section 45 of the MSA.	• A service provider was	• A service provider was appointed to assist with adherence to this requirement.

4.4 Budget to Actual Comparisons

4.4.1 Operating Budget

The operating budget variances for the 2006/2007 year are as follows:

[Source: 2007 AFS, Appendix D]

Comment:

Executive and Council and Planning and development spent just above 65% of their budget whilst the Waste Management overspent by 13% on their budget.

4.4.2 Capital Budget

Capital budget variance for the 2006/2007 year is as follows:

Category	2006/2007	2007/2008	2008/2009	2009/2010	2010/2011
Infrastructure	1,400,000.00	1,200,000.00	1,200,000.00	1,200,000.00	1,200,000.00
Community Assets	1,400,000.00	1,200,000.00	1,200,000.00	1,200,000.00	1,200,000.00
Other Assets	310,000.00	44,532.00	285,468.00	285,468.00	285,468.00

[Source: 2007 AFS, Appendix E(2)]

Comment:

The municipality did not spend on Infrastructure capital budget due to non-availability of actual cash resources.

(Source: 2006/7 MFS Note 4)

Comment:

The municipality commits itself to speed up the spending of unspent grants amounting to R4 082 597.

5.1 FINANCIAL & CORPORATE SERVICES DEPARTMENT

5.1.1 Overview

The Finance department is responsible for all activities relating to the finance management function including payroll administration and supply chain management. This directorate is responsible for the preparation of all committee meeting. The department has to maintain all records pertaining to the committee meetings digitally and otherwise. The overall record keeping of the correspondence flowing from within and outside the municipality is the other crucial responsibility of this department. The department also has the responsibility to ensure that both employees and prospective employees work under proper working conditions and are capacitated to carry their responsibilities. The department ensures that the employees are handled in an accepted manner.

Description of the activity

The municipality does not render any trading services at the moment; therefore the Finance department within the municipality performs the following functions:

- Preparation of the annual financial statements
- Compilation of the annual budget
- Management of cash and bank
- Management of fixed assets
- Payroll administration
- Supply chain management
- Income and expenditure
- To ensure all departments has human resources to carry their mandate within the municipality.
- To ensure that all employees employed have adequate and relevant knowledge of work necessary to be performed.
- To ensure that all human resources legislations are complied with.
- To ensure that all employees are properly trained to do their duties.
- To ensure that there is performance measures in place to measure the performance of all employees within the municipality.
- To ensure that all records are properly maintained and managed.

5.1.2 2006/7 TARGETS

Targets for 2006/2007 financial year were as follows:

- Preparation of the AFS in GRAP Format
- Timely submission of the financial statements
- At least 50% of grant monies spent.
- Unqualified audit report
- Controlling and monitoring of both capital & operating budget expenditure.
- Appointment of the new Municipal Manager.
- Planning for the establishment of corporate services department.
- Filling of other vacant positions
- Completion of the Workplace Skills Plan

5.1.3 2006/7 ACHIEVEMENTS

Achievements for 2006/2007 financial year were as follows:

- Preparation of the AFS in GRAP Format
- Timely submission of the financial statements
- 43% of Grants were spent.
- Auditor's General's report was unqualified.
- The municipality did not overspend of both operating and capital budget.
- Successful appointment of the new Municipal Manager.
- Plan was established to develop a new corporate services department.
- Six posts were filled during the period.
- Workplace skills plan completed successfully.

5.2 PLANNING & INFRASTRUCTURE SERVICES

5.2.1 Overview

The Infrastructure and Technical Services Directorate is responsible for the implementation of infrastructure projects through the following key functions:

- Municipal Infrastructure Grant
- Sports & Recreation Facilities
- Equitable Share Funded Projects
- Public Libraries

The function of the Infrastructure and Technical Services within the municipality is administered as follows and includes:

- Construction of Access Roads
- Construction of Access Bridges
- Construction of Sports facilities
- Building of Community Facilities
- Building of Public Library
- Coordination and attending to Electricity Programmes
- Coordination and attending to Water and Sanitation Programme
- Coordination and attending to DOT roads
- Responsible for Waste Management

The Strategic Objectives of these functions are to:

- To improve quality of the Municipal Roads that link primary and secondary nodes
- To ensure the provision of Sports facilities at strategic areas for sustainability and to improve social life of the community
- To ensure the equitable provision of community halls and Development centres in strategic areas to improve social life of the community.
- To ensure for the existence of Waste Management Policy
- To increase number of House Holds benefiting from electricity in a near future
- To increase number of House Holds benefiting from Water Supply in a near future

5.2.2 2006/7 Targets

Targets for 2006/2007 financial year were as follows:

- Implementation of all infrastructural projects planned for 2006/2007 year.
- Erection of the municipal library.
- Erection/improvement of a community hall.
- Erection of sport fields within the Municipality.
- Extensions and renovations to municipal administration building.
- Erection and repair of roads, pavements, bridges and storm water.
- All plans submitted to be approved and processed by the department.

5.2.3 2006/7 Achievements

- The library was erected but could not be fully functional during the financial year.
- No community hall were erected/ repaired during the period due to lack of grant funding resources.
- Sport fields were not erected due to lack of financial resources.
- Although the plans were approved for municipal building but was not erected during the period due to limited financial resources.
- Street lights were neither repaired nor added.
- Roads, pavements, bridges and storm water could not be performed due to limited financial resources.

5.3 COMMUNITY SERVICES

5.3.1 Overview

The community services department is responsible for the all outreach programmes implementation to the community. These outreach programmes includes the following:

- HIV/AIDS programmes
- Facilitation of sports and recreation programmes

Description of Activities

The function of the Infrastructure and Technical Services within the municipality is administered as follows and includes:

- Implementation of HIV/AIDS programmes
- Smooth functioning of libraries
- Waste collection and town cleanliness.
- Planning of municipal functions and events
- Ensuring that all community facilities are maintained
- Sports and recreation programmes of the municipality
- Smooth functioning of the motor vehicle & learners license section.

5.3.2 2006/7 Targets

Targets for 2006/2007 financial year were as follows:

- The opening and fully operational library.
- Waste collection in the Town
- Sports and recreation meeting taking place
- Implementation of HIV/AIDS awareness campaigns
- Halls and municipal sport fields were maintained and managed better during the 2006/2007 financial period.

5.3.3 2006/7 Achievements
